

Guest Project Proposal

(Please fill in all entries in English or Italian)

1) Title of the Project:

2) Description and Objectives:

What are the questions you want to answer? What do you want to learn? What do you want to find out or demonstrate? How do you plan to improve or benefit the society with your project? Why is your project important?

3) Duration:

How many working hours/days/months do you think it will take to reach the proposed intermediate/final goals for your project?

4) Resources:

Indicate briefly what facilities from ICTP SciFabLab would you need for your Project (see updated list of tools available at <http://scifablab.ictp.it>). Note that ICTP SciFabLab does not give any financial support for projects and it may only offer a limited amount of consumable materials.

5) Safety:

List the key safety issues involved in running the project and how those can be managed.

6) Other relevant information:
